
Department of Fundamentals of Production Engineering at LUT

in cooperation with

the Department of Civil and Industrial Engineering of the University of Pisa

&

LUT Doctoral School

announce a joint event of

**3rd Workshop on Experimental and Computational Mechanics
(WECM'24)**

and

**PhD students Forum
(PhDsF24)**

held on

May 27–28, 2024

The two workshops have in target meeting an increasing demand for a scientific forum of PhD students and researchers in the field of different sciences and disciplines. The event will take place at the Faculty of Mechanical Engineering of Lublin University of Technology (LUT) in Lublin, Poland, on May 27–28, 2024. The programme of the event includes invited lectures of experienced researchers, as well as original presentations given by PhD students. Any interesting topics within mechanical engineering domain, as well as interdisciplinary studies, are welcome.

Participation in the workshops is free of charge, as they are an introductory event to the 10th MSN International Scientific Symposium (fee: 1900 PLN, see msn2024.pollub.pl).
